### PROFESSIONAL SUMMARY

Computer Science Engineering graduate specializing in Full-Stack Python Development with strong knowledge of Python, Django, Flask, MySQL, HTML, CSS, and Bootstrap. Hands-on experience in developing a Django-based Hostel Management System with features including room and bed management, student management, rent and payment tracking, food management, expense management, authentication, and reporting. Strong foundation in Object-Oriented Programming (OOP), backend development, database management, debugging, and problem-solving, with practical internship experience in web development.

### TECHNICAL SKILLS

- Programming Languages: Python, HTML, CSS
- Frameworks: Django, Bootstrap
- Database: MySQL
- Tools: Git, GitHub, VS Code, PyCharm
- Core Concepts: JWT Authentication, CRUD, OOP, Debugging, Backend Development
- Other Skills: Basic NLP, Basic Knowledge of GenAi

### INTERNSHIP EXPERIENCE

#### Python Full Stack Developer Intern | UNIQ Technologies

- Developed web applications using Python, Django, HTML, CSS, and Bootstrap.
- Implemented CRUD operations and managed MySQL databases for efficient data storage and retrieval.
- Worked on JWT Authentication for secure user login and authorization.
- Applied OOP, debugging, and backend development concepts to implement and troubleshoot application features.
- Used Git, GitHub, VS Code, and PyCharm for development and version control, with basic exposure to NLP and Generative AI concepts.

### PROJECTS

#### Hostel Management System

**Technologies: Python, Django, HTML, CSS, Bootstrap, MySQL**

- Developed a full-stack Hostel Management System using Django to manage hostel rooms, beds, residents, and rental information.
- Implemented room and bed management with A/C and Non-A/C room types and 2, 3, and 4-sharing options.
- Built functionalities to track bed availability, resident details, food preferences, and monthly rent information.
- Integrated MySQL database with Django for efficient storage and retrieval of hostel and resident records.
- Implemented CRUD operations and followed Django MVT architecture to create a structured and maintainable web application.

### EDUCATION

Bachelor of Engineering (B.E.) in Computer Science and Engineering  
PSN College of Engineering and Technology, Tirunelveli  
2022 – 2026

- 7.7 CGPA

### ADDITIONAL INFORMATION

#### Achievements:

- Managed and maintained SSMR Tamil YouTube channel with consistent content creation
- Received Best Social Media Influencer Award for audience engagement
- Achieved recognition in Book of Records for digital contribution

**Languages:** Tamil, English.

**Hobbies:** Play Keyboard instrument, Learn Trending Skills
